

# Wheelchair Accessible Categories in Princess Fleet:

Princess ships are designed with accessibility in mind ensuring seamless routes to restaurants, theatres, spas, lounges, and decks. Elevators have wide doorways (91–106cm), and public areas include wheelchair seating. Use the MedallionClass app or your cabin TV for easy reservations and enquiries.

Our ships offer wheelchair-accessible cabins with wider doorways, roll-in showers, grab bars, and emergency call systems. Enjoy added convenience with accessible desks, wardrobes, and our touchless Medallion door system that unlocks your door automatically as you approach to ensure a seamless experience.
